

Mobile Meals  
January/February 2022 Newsletter

October by the numbers

Meals served: 1405 67 average 21 delivery days

Meal cost: \$7094.00

Recipient contributions: \$4,207.00

Difference: \$-2,887.00

As Central Washington Hospital continues to cancel surgeries and have a section of the operating rooms closed, our meal numbers continue to be down. Most referrals now come from adult children of elderly parents.

It has been a year of changes. From going to a “one size fits all” menu with only 1 side included, to switching the loading side of Shipping/Receiving, to once again not being able to honor the drivers in a large group setting. It also became cost prohibitive to hold March fundraisers at the Performing Arts Center. Until 2021 they were willing to let us use it free of charge. The board has discussed numerous options. Stay tuned!
