

## Mobile Meals November/December 2021 Newsletter

### September by the numbers

Meals served: 1405 67 daily average 21 delivery days

Meal cost: \$7262.50 Recipient contributions: \$5477.00

**Central Washington Hospital continues to donate office space, utilities, phone, fax, internet, and food prep labor.**

**New drivers: Eliot Scull; Greg Spradlin; Yvonne Younger; Robert Rodgers; Maureen Mattox**

As you have noticed, the number of recipients continues to decrease. There are very few surgeries being performed at Central Washington Hospital which results in fewer referrals. Most new referrals are from adult children seeking food assistance for their parent(s). COVID has truly affected Mobile Meals.

Thank you to several drivers that have filled in with very little notice: Weakley; Anderson; Pittsinger; Duffey; Fairchild; Evenhus; Kendziora/Rowland; and Vandegrift. If I forgot anyone please forgive me. **ALL** drivers are so appreciated!

In October we say goodbye to **Jim and Sue Anez**. They are moving closer to family. Both have served board terms and Jim has driven several monthly routes as well as maintained our \*website. They will be truly missed. We wish them the very best in their new adventure!

\*Nate Weakley has agreed to oversee the website
